Subject: we need swing space information ASAP

We met with our *Initial Outfitting, Transition, & Commodities (IOT&C) TALU* last week, we meet with them next week on relocation, moving services and ancillary services.

- Who is the POC for the 999 Swing Space Building's Lessor or Building Management Company?
    - What are the requirements for site protection (flooring etc.) during the relocations?
    - What are the height & length limitations loading dock, and freight elevator access?
    - What are Building hours of operation
    - Who is the POC for coordination with General Contractor (Construction)?

Thanks

Phil
